Be a Wealth Management Expert

Nowadays, "portfolio investment" has become a buzzword in the investment world. Wealto is a portfolio management tool tailor made for any investor to trade and manage his/her stock portfolios. Its philosophy is to encourage investors to track their portfolio, and through prudent asset allocation to diversify investment risks, in order to obtain maximum returns. On the same platform, the needs of investors for "opening an account online + checking real-time market information + investment + tracking and sharing investment portfolios" can also be realized.

Features Highlight:

- Fast, Stable and Low Latency One- stop Trading Platform
- Interactive Trading Community
- Scientific method of Portfolio Management

Wealto App Overview:

● Easy Portfolio Creation and Management

Wealto advocate the concept of Portfolio Tracking and Management - users only need to take 3 simple steps to complete the creation of portfolios and manage them in either virtual simulation or real market trading environments:

Star Performers with best Profit and Loss Performance can show off their portfolios in the "Stock Market Dragon and Tiger List". Interested members can easily track these Portfolios with one simple click and follow the strategies used by the Star Performers. Anyone without any idea of what stock to invest in can follow the Star Performers and benefit from their proven stock investment choices.

● Online Account Opening, Multi- account management

Wealto supports online account opening anytime anywhere and user can connect to multiple brokerage firms of their own choices. All portfolios in different brokerage accounts will be centralised and viewed in a single App and investors can trade in different accounts simply with one click.

● Zero Cost Online promotion

You can send out promotions, stock analysis, IPO information or marketing schemes to your clients via the Wealto App easily to keep your clients up-to-date with the fast changing market everyday.
