

## eDDA - The Payment Transfer Trend

eDDA offers more convenient, simple and faster payment transfer functions to help your clients to safely transfer their funds from their bank accounts to your brokerage account for trading. The fund transfer normally takes only a few minutes which enables clients to capture every market opportunity.

### eDDA Easy Binding

Clients can bind their bank account via our online platform iTrader Elite or mobile platform Wealto by simply entering their bank account details.

English My Account
