NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the nine months ended 30 September 2019

1. GENERAL INFORMATION

eBroker Group Limited (the “Company”) was incorporated in the Cayman Islands with limited liability under the Companies Law, Cap. 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands on 23 May 2016. The Company’s shares are listed on the GEM of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) on 19 February 2019.

2. BASIS OF PREPARATION

The unaudited condensed consolidated financial statements for the nine months ended 30 September 2019 have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”). HKFRSs comprise Hong Kong Financial Reporting Standards (“HKFRS”); Hong Kong Accounting Standards (“HKAS”); and Interpretations. These consolidated financial statements also comply with the applicable disclosure provisions of the GEM Listing Rules.

The unaudited condensed consolidated financial statements for the nine months ended 30 September 2019 should be read in conjunction with the audited consolidated financial statements for the year ended 31 December 2018 and the notes thereto (the “2018 Audited Consolidated Financial Statements”). The significant accounting policies adopted in the preparation of the unaudited condensed consolidated financial statements are consistent with those followed in the preparation of the 2018 Audited Consolidated Financial Statements except for the new and revised standards, amendments and interpretations issued by the HKICPA that are adopted for the first time for the current period’s financial statements. It should be noted that accounting estimates and assumptions were adopted in the preparation of the unaudited condensed consolidated financial statements. Although the estimates are based on the management’s best knowledge of and judgement on the present events and actions, the actual results may eventually differ from those estimates.

3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

Certain new and revised HKFRSs have been issued. Except as described below for the HKFRS 16, the Directors considered that the adoption of other new and revised HKFRSs which are effective for the accounting periods beginning on 1 January 2019 will not have any material impact on the preparation and presentation of the results and financial conditions of the current period and previous periods. For the HKFRSs that are not yet effective nor have not been early adopted, the Group is in the process of making an assessment of the potential impact of the newly issued HKFRSs.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the nine months ended 30 September 2019

3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (continued)

HKFRS 16 replaces HKAS 17 Leases and its related interpretations and has been effective for annual periods beginning on or after 1 January 2019. The Group has applied the simplified transition approach and has not restated comparative amounts for the period prior to first adoption.

Under HKFRS 16, the Group applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognised and measured a liability at the present value of the future minimum lease payments and recognised a corresponding right-of-use assets for these leases previously classified as operating leases applying HKAS 17. The finance costs on the lease liability and depreciation on the right-of-use asset were recognised in profit or loss. The Group elected, on a lease-by-lease basis, to measure that right-of-use assets at amounts equal to the lease liabilities, adjusted by the amounts of any prepaid or accrued lease payments relating to these leases recognised in the statement of financial position immediately before the date of initial application.

MANAGEMENT DISCUSSION AND ANALYSIS

The Directors believe that the financial resources obtained by the Group from the Listing will strengthen its financial position and enable it to implement its business plan as mentioned above.

FINANCIAL REVIEW

Revenue

The Group derives its revenue primarily from the provision of financial technology solutions which can be classified into (i) front office solution service; (ii) back office solution service; (iii) installation and customisation services; (iv) managed cloud service; and (v) other services income. For the nine months ended 30 September 2019, the Group recorded revenue of approximately HK\$33.9 million, representing a decrease of approximately 14.8% as compared with the previous year of approximately HK\$39.8 million. Such decrease was mainly attributable to the significant decrease in the revenue from front office solution service and installation and customisation services. The revenue from front office solution service decreased by approximately 15.3% from approximately HK\$21.6 million for the nine months ended 30 September 2018 to approximately HK\$18.3 million for the nine months ended 30 September 2019 due to adverse business and economic conditions. The revenue from installation and customization services decreased by approximately 46% from approximately HK\$5 million for the nine months ended 30 September 2018 to approximately HK\$2.7 million for the nine months ended 30 September 2019 mainly due to the recognition of setup charges for Two Factor Authentication Solution in second quarter of 2018. The managed cloud service increased by approximately 13.6% from approximately HK\$2.2 million for the nine months ended 30 September 2018 to approximately HK\$2.5 million for the nine months ended 30 September 2019. Other services income decreased by approximately 27.8% from approximately HK\$1.8 million for the nine months ended 30 September 2018 to approximately HK\$1.3 million for the nine months ended 30 September 2019.

Purchases of and Changes in Inventories

The Group's purchases of and changes in inventories for the nine months ended 30 September 2019 decreased by approximately HK\$0.4 million. Such decrease was primarily due to a decrease of approximately HK\$0.6 million in product sales of the Group for the nine months ended 30 September 2019.

Profit before Tax

The Group's profit before tax for the nine months ended 30 September 2019 was approximately HK\$2.1 million, representing a decrease by approximately 67.2% when compared with its profit before tax of approximately HK\$6.4 million for the nine months ended 30 September 2018. This was primarily due to (i) decrease of non-recurring installation and customization service income by approximately HK\$2.2 million; (ii) decrease of front office solution service income by approximately HK\$3.2 million; (iii) decrease of listing expenses by approximately HK\$5.0 million; and (iv) increase of legal and professional fees by approximately HK\$2.3 million.

MANAGEMENT DISCUSSION AND ANALYSIS

Other Income

The Group's other income consists of management fee received from a joint venture and interest income on bank deposits. The Group's other income increased slightly to approximately HK\$0.5 million from approximately HK\$67,000 for the nine months ended 30 September 2018 due to an increase in interest income of approximately HK\$0.4 million.

Staff Costs

For the nine months ended 30 September 2019, the Group's staff costs were approximately HK\$14.9 million, representing an increase of approximately 0.7% over the staff costs of approximately HK\$14.8 million for the nine months ended 30 September 2018. The increase was primarily due to the general inflation rate of staff costs.

Depreciation Expenses

The Group's depreciation expenses increased significantly by approximately HK\$1.7 million for the nine months ended 30 September 2019 representing an increase of approximately 1,178.2% from approximately HK\$133,000 for the nine months ended 30 September 2018. The increase was primarily due to the depreciation of right-of-use-assets of approximately HK\$1.5 million during the nine months ended 30 September 2019 upon the adoption of HKFRS 16 on 1 January 2019.

Other Operating Expenses

The Group's other operating expenses mainly include (i) cost of services; (ii) rent, building management fee and rates; and (iii) Listing expenses. The Group's other operating expenses for the nine months ended 30 September 2019 were approximately HK\$15.5 million, representing a decrease of approximately 14.4% over the other operating expenses of approximately HK\$18.1 million for the nine months ended 30 September 2018. The decrease was primarily attributable to an increase in legal and professional expenses of approximately HK\$2.3 million and a decrease in listing expenses of approximately HK\$5 million.

Income Tax Expense

The Group's income tax expense for the nine months ended 30 September 2019 was approximately HK\$0.6 million, representing a decrease of approximately 66.7% from approximately HK\$1.8 million for the nine months ended 30 September 2018. Such decrease was in line with the decrease in revenue for the nine months ended 30 September 2019. The effective income tax rates of the Group, which equal to the income tax expense divided by profit before tax, were approximately 28.6% and 27.0% for the nine months ended 30 September 2018 and 2019, respectively. The decrease in the effective income tax rate for the nine months ended 30 September 2019 was primarily attributable to the net effect of (i) the loss before tax of a subsidiary; and (ii) the incurrence of listing expenses that are not deductible.

MANAGEMENT DISCUSSION AND ANALYSIS

Profit for the period attributable to owners of the Company

Profit attributable to owners of the Company for the nine months ended 30 September 2019 amounted to approximately HK\$1.5 million, representing a decrease of approximately 66.7% as compared with the profit of approximately HK\$4.5 million for the nine months ended 30 September 2018. The significant decrease was primarily attributable to (i) decrease of non-recurring installation and customization service income by approximately HK\$2.2 million; (ii) decrease of front office solution service income by approximately HK\$3.2 million; (iii) decrease of listing expenses by approximately HK\$5.0 million; and (iv) increase of legal and professional fee by approximately HK\$2.3 million.
